

AN ANTICIMEX COMPANY

PROTECT YOUR WORKPLACE AND STAFF WITH COMMERCIAL DISINFECTION SERVICES

With complete eradication unlikely soon, living with COVID as smartly and safely as possible is the way forward.

Rapid Disinfection Treatment

Our trained professional technicians are disinfecting offices, retail stores, warehouses and all other workplaces. The service is both preventative and defensive, with emergency treatments neutralising infected areas.

The fine disinfectant binds to all surfaces and kills 99.9% of viruses and bacteria including Covid-19*. It disinfects hard to reach spaces that normal cleaning can't touch, providing an extra layer of protection for your staff and customers.

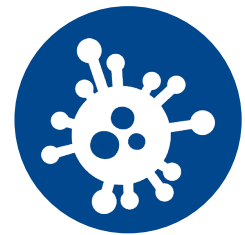

Safeguard your workplace and book a disinfection service now.
