Flick Anticimex expands its market share in the Shepparton region with the acquisition of Total Pest Control

In a strategic move to bolster its market presence in the Shepparton region, Flick Anticimex is proud to announce its latest acquisition of Total Pest Control. This acquisition marks another milestone in Flick's Anticimex ongoing initiative to strengthen its operations, both locally and regionally. The acquisition encompasses the Shepparton area, the expansive Goulburn Valley, and its neighbouring regions within Victoria. This expansion covers a broad spectrum of services, ranging from residential pest control to Termite management.

Located in Shepparton, VIC, Total Pest Control has flourished under the dedicated leadership of Stuart and Katrina Williams who have been running the business for 30+ years. Throughout this time Stuart and Katrina have successfully grown the business into a prominent brand with a strong reputation within the local community.

Stuart and Katrina Williams, Directors of Total Pest Control have expressed their excitement about joining Flick Anticimex, recognising the immense potential this partnership holds for both their teams and clients.

"We would like to thank our past and present team, as we wouldn't have built our business to where it is today without them. It was important for us to join a company with the same passion and level of customer service. We look forward to offering our customers the latest cutting-edge digital sustainable pest control solutions. I am very proud of the success that our business has achieved and look forward to the exciting opportunities ahead."

Shaun Coe, Regional General Manager – VIC/NSW Region, Flick Anticimex commented:

"I am very happy and enthusiastic about this merger as Total Pest Control is a renowned and well-run business based in Shepparton, VIC. The relationships with residential & commercial customers formed by Stuart and Katrina over many years have contributed to the success of Total Pest Control. We look forward to working together with the Total Pest Control team to continue a tradition of outstanding customer service and combining decades of experience with the latest technological innovations to deliver an even better customer experience."
