Dear Sir/Madam,

IMPORTANT INFORMATION ABOUT THIS LICENCE

Please find enclosed Pest Controller's Licence **2026-82507** issued in accordance with the Controlled Substances (Pesticides) Regulations 2017 to FLICK ANTICIMEX PTY LTD of 9 MILL CRT, KILBURN SA 5084.

Please note the specific endorsements and conditions of the licence and any individuals specifically approved by SA Health.

If specific pest control endorsements were requested but do not appear on this licence, this is because the Controlled Substances Licensing Unit has not been provided with sufficient evidence of employment of a Full Pest Management Technician who holds these endorsements.

The conditions of the licence should be read in conjunction with relevant provisions of the Controlled Substances (Pesticides) Regulations 2017.

Any persons with responsibilities, obligations or functions under this licence must be advised of the conditions of the licence, including any attached policies or requirements to make reports to SA Health.

If any changes to the licence are required, please submit an amendment request online at www.sahealthcsl.net/amendment.

PEST CONTROLLER'S LICENCE

FLICK ANTICIMEX PTY LTD
9 MILL CRT
KILBURN SA 5084

is hereby licensed as a Pest Controller in accordance with the Controlled Substances (Pesticides) Regulations 2017 and is authorised to use:

**FUNGICIDES; HERBICIDES; INSECTICIDES (EXCLUDING ARSENIC TRIOXIDE);
MOLLUSCICIDES; RODENTICIDES**

for the following pest control work:

DOMESTIC AND COMMERCIAL PEST CONTROL (INCLUDING TIMBER PESTS)

Subject to the conditions imposed by the Controlled Substances (Pesticides) Regulations 2017 and the following conditions:

1. The holder of this licence will maintain any premises and equipment used for the purposes of the holder's pest control business in a clean, efficient and safe working condition.
2. The holder of this licence will ensure that any pesticide, while handled or used in the course of the holder's pest control business, is under the direct control of the holder of a pest management technician's licence.
3. The holder of this licence will ensure that any unused pesticide or any container used to hold a pesticide in the course of the pest controller's business is disposed of in a manner not likely to endanger the health of any person.
4. The holder of this licence must ensure that the holder of a Limited Pest Management Technicians licence is supervised in accordance with Regulation 4 of the Controlled Substances (Pesticides) Regulations 2017.
5. The holder of this licence, where authorised to conduct vertebrate pest control, must ensure that:
 - (a) 1080 baits used for vertebrate pest control are obtained only from the Regional Landscape Board responsible for the area being baited or treated, or from the Department for Environment and Water for use in Biodiversity Conservation Programs; and that
