

Autotowel

Electronic Paper Towel Dispenser

Autotowel

Electronic Paper Towel Dispenser

The Autotowel Electronic Paper Towel Dispenser is a controlled paper towel system which provides the following benefits:

- Waste reduction
- Cost savings
- Touch-free dispensing - Reduction of cross contamination

Adjustable Dispenser Settings - Customise your system's performance to meet the needs of your washroom environment (adjust sheet length and mode of operation). High-capacity design reduces maintenance and allows better control over service intervals.

The Autotowel also has a unique stub roll delivery feature which allows a continuous feed from the partially finished roll to the new roll, avoiding any wastage.

Soft, absorbent, high capacity towel options provides a quick and pleasant hand drying experience. Key locked dispenser to prevent theft of batteries and consumables.

Suitable for public & commercial washrooms, production floor, food preparation area, health facilities and busy areas
